Delta Dental Foundation Awarded \$17,000 in Smiles For Kids Grants to the Rowan County Health Department Smile Center Since 2011

The 2019 Smiles for Kids grant will provide dental care for prenatal patients

Salisbury, NC (May 14, 2019) – The Rowan County Health Department Smile Center received a \$5,000 Smiles for Kids grant from the [Delta Dental Foundation](#) (DDF) to increase the amount of uninsured Rowan County women who receive prenatal dental care and promote education and outreach about the importance of good oral health during pregnancy.

According to the American Dental Association (ADA), visiting the dentist during pregnancy is safe, and ignoring oral health problems can contribute to negative pregnancy outcomes. Changes that occur during pregnancy can increase the mother’s risk of oral conditions such as gingivitis and cavities, so it is important that both their obstetrician and dentist discuss the importance of good oral hygiene throughout pregnancy.¹

“We are so grateful for the support of Delta Dental,” said Nina Oliver, Health Director of the Rowan County Health Department. “With their support we are able to provide treatment and access to important dental care to a population who would otherwise go without care, which we all know is not healthy for both mom and baby.”

The Delta Dental Foundation focuses on ensuring that children and adults in North Carolina receive high-quality oral health education and dental care. The grant received by the Rowan County Health Department Smile Center is one of 19 grants totaling \$70,000 that DDF is donating to North Carolina oral health organizations and programs. This is the fifth year that the Rowan County Health Department Smile Center has been awarded a Smiles for Kids grant, totaling \$17,000 since 2011.

“I’m grateful to the Delta Dental Foundation for their consistent generosity towards the Rowan County community,” said North Carolina Representative, Harry Warren.

Grant recipients were selected based on criteria that included the number of at-risk children served, the uniqueness of the program, the level of community involvement in the program and the ability to measure results.

“Many communities across North Carolina face challenges when it comes to providing all citizens in need with the oral health care services they require,” Ladig said. “Pregnant women represent a very vulnerable population, and the Smiles for Kids program aims to help organizations like the Rowan County Health Department Smile Center address their needs and close the gap between those with and without access to sufficient oral health care.”

About Rowan County Health Department Smile Center

The Rowan County Health Department’s Smile Center is open Monday – Thursday, 8:00 a.m. to 5:00 p.m. The Smile Center accepts Medicaid, Health Choice, private insurance, and provides care on a sliding fee scale based on family size and income if you are not eligible for Medicaid or Health Choice. You can make an appointment by calling the Smile Center at (704) 216-8796. The Smile Center is located at 1811 East Innes St., Salisbury, NC 28146.

About the Delta Dental Foundation

The Delta Dental Foundation is a nonprofit, charitable organization established in 1980, which serves as the philanthropic arm of Delta Dental of Michigan, Ohio, Indiana, and North Carolina. The foundation’s goals are to support education and research for the advancement of dental science, and to promote the oral health of the public through education and service activities, particularly for those with special needs.
